Powerpack Pro 1500

Portable Power Technology

Industrial and compact, all in one Powerpack Pro 1500 provides reliable AC and DC power whenever and wherever you need it

Features:

- Very high quality, energy efficient (LiFePO4) lithium iron phosphate gives over 2000 cycles
- Strong and industrial grade shell
- High capacity 1344 watt hour (Wh) lithium battery
- Fast charging from grid in 2 hours
- Intelligent multi stage safety protection and design
- Safe and easy to use, with multiple outputs for AC, DC, USB, USB 3.0 and Type-C outputs
- Smart LCD control panel, monitors and displays both input and output power, as well as time to go
- Only 20 Kg with no compromises to battery capacity
- Solar compatible with included MPPT solar charge controller (200W max at 12V / 400W max at 24V)
- In-Vehicle buck boost DC charger is compatible with both standard and smart alternators and delivers up to 10A
- Temperature regulated with dynamic cooling
- Ultra stable 1500W continuous pure sinewave 230V output with single UK plug socket (200% Surge)
- Auto shutdown after 12 hours if no load is detected

Ideal for Industrial Applications

Fast charging in 2 hours	Lithium Iron Phosphate	Intelligent Safety Protection	Industrial Design

Other Specification:

Input Voltage (AC)	230V	**DC Charging (Buck Boost)**	10A Max
Input Charging	54V / 10A	**12V DC Car Socket**	12.5V / 10A
Typical Charging Time	2 - 3 hours	**12V DC Port**	12.5V / 10A **(x2)**
Output Voltage (Inverter)	230V 50Hz pure sinewave	**USB 2.0**	5V / 2.4A **(x2)**
Output Power (Inverter)	1500W continuous	**USB 3.0**	65W Max
Max Solar Input	200W (12V) 400W (24V)	**USB Type-C**	100W Max
Max Solar Output	54V / 7.5A	**Dimensions**	393 x 223 x 320 mm
Battery Capacity	1344Wh	**Weight**	20Kg
